## COMPANY PROFILE

Our firm's senior management staff has owned, operated, and managed multiple insurance interests since 1980.

The Principal's are Ed Hemphill , C.I.C ; Deborah Hemphill ; Office Manager -CSR , and David Hemphill ; Director of Life & Health Operations .

Ed Hemphill began his insurance carrier in June 1970 with the Prudential Insurance Company of America .

In 1980 ; after 10 very successful years with Prudential; Ed formed a multiple lines property/casualty/life/health/& accident insurance agency operating under the name of " Hemphill Insurance Agency " . That agency quickly became a leading retail property & casualty insurance firm operating primarily in the Texas insurance market place by offering individuals , small, or large business firms multiple lines of personal & commercial lines of property - casualty coverage.

In 1994 National Marketing and Administration (NM &A) a Texas General Partnership was formed to operate as a licensed and bonded Third Party Administrator (TPA) . NM&A performed the tasks of underwriting , policy issue, premium collection , agent commission payment , general customer service , claims customer service , claims processing , and claims payment for several leading insurance carriers for a fully insured short term medical program and an occupational accident insurance program . NM&A also provided Administrative Service Only (ASO) third party administrative services to many large self insured employer groups for their employee benefit programs. In 2000 the Hemphill's sold their interest in NM&A to UNMARK Insurance Services ( a division of the Transworld Mortgage Group ) .

In August 2008 TheIndependentInsuranceAgency.com website was developed to offer advanced web site technology that provides instant online quotes to consumers with multiple leading insurance carriers for life/health/accident/dental/employee group or individual/family product lines . This internet based technology has become an exceptional resource for providing qualified sales leads to our producers.
